Customer Journey Map

This Customer Journey Map illustrates the experience of a farmer while using the OptiCrop system to identify the most suitable crop based on soil nutrients and environmental conditions. It highlights the user's actions, thoughts, emotions, and opportunities at each stage, helping design a user-friendly and efficient crop recommendation solution.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Wants to improve crop yield. • Looks for a better crop selection method. • Collects soil information.	• Enters soil and weather details. • Uses the OptiCrop application. • Waits for recommendation.	• Reviews recommended crop. • Starts cultivation. • Monitors crop growth.
Touchpoint <i>What part of the service do they interact with?</i>	• Farm • Soil Testing • Mobile/Internet	• OptiCrop Website • AI Recommendation System • Database	• Farm • Agricultural Resources • Crop Monitoring

Customer Thought <i>What is the customer thinking?</i>	• Which crop is best for my land? • Can technology help me?	• Will the recommendation be accurate? • Is this suitable for my farm?	• I hope this increases my profit. • The recommendation looks useful.
Customer Feeling <i>What is the customer feeling?</i>	• Confused • Curious	• Hopeful • Interested	• Confident • Satisfied
Process Ownership <i>Who is in the lead on this?</i>	• Farmer	• OptiCrop System	• Farmer
Opportunities <i>How can we improve this stage?</i>	• Easy soil analysis • User-friendly interface • Awareness about AI	• Fast prediction • Accurate recommendations • Simple interface	• Better productivity • Higher profit • Improved farming decisions
